

KC-002 IR Decoy

Kilgore's proprietary KC-002 IR Decoy Flare is a form, fit and function replacement for the MJU-7A/B. The KC-002 provides standard seduction protection against air-to-air and surface-to-air infrared weapon systems. Uses BBU-36/B impulse cartridge to ignite and expel the flare.

Features and Benefits

- ◇ Highly effective seduction capability
- ◇ Enhanced sequencer design
- ◇ Improved seal for extended life and reliability
- ◇ Durable design for safe handling
- ◇ Tailorable performance characteristics

FEATURES

TECHNICAL DATA

Part Number	KC-002
Shelf Life	7 years
Service Life	1 year
Dispensing Systems	AN/ALE-4X series
Dimensions	1" x 2" x 8" (25 x 52 x 205mm)
Weight	~ 350 g
Aircraft	F-16, F-15, C-130

PACKAGING

Classification	Flares, Aerial
Hazard Class	1.3G
UN Code	0093
Quantity	60 units per wood box
Container Dimensions	18 7/8" x 16 7/8" x 11 3/4"
Estimated Gross Wt.	81 lb
