Alloy Surfaces

M211 Infrared Countermeasure

M211 Decoy

Special Material reacts with oxygen to rapidly oxidize and generate an IR signature to protect against advanced air-to-air and surface-to-air infrared weapon systems.

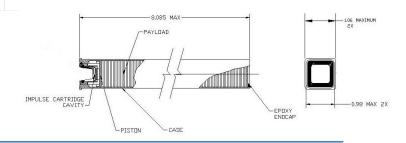

Contains no pyrotechnics, and uses BBU-35/B or M796 impulse cartridge to expel material from decoy casing.

Features and Benefits

- ♦ Standard U.S. Inventory Product
- Covert, Special Material, Proprietary patented technology
- ♦ Part of the U.S. Army Solution
- ♦ Environmentally Friendly
- ♦ Non-combustible

FEATURES	TECHNICAL DATA	
	Shelf Life	10 years
	Service Life	1 year
	NSN	1370-01-460-1684 w/decal 1370-01-534-9804 w/o decal
	Dispensing Systems	AN/ALE-4X series
	Aircraft	AH-64, UH-60, CH-47, F-16,
		A-10, C-130, Cougar, Puma
	PACKAGING	
	Size	1" x 1" x 8"
	Weight	310g
	Hazard Class	4.2 G
	UN Code	1383
